

Learning More Program

ANTaR Queensland's **Learning More Program** is a self-guided education program aimed at helping you to listen and learn more. It gives you a very basic level of knowledge and engagement with the heritage, culture and perspectives of Aboriginal and Torres Strait Islander Peoples. (A&TSI peoples)

It is a combination of individual research and community service and is facilitated by Australians for Native Title and Reconciliation Qld, (ANTaR Qld). It is a self-led program that can be completed as quickly or as slowly as needed.

This program is an excellent opportunity for non-Indigenous Australians who would like to understand and respect Aboriginal and Torres Strait Islander peoples and to support their struggle for justice.

On completion of the program, you will receive a Certificate of Merit from ANTaR Qld acknowledging the effort you have put into Learning More.

Learning More Program

ANTaR's role is to help non-Indigenous Australians to learn more about :

- the culture of Murris and Kooris and Torre Strait Islanders,
- the many successful activities started and carried out by A & TSI people
- the historic realities of life for the peoples who, only 200 years ago, lived a rich and harmonious life in this beautiful country.

We encourage anyone who is serious about reconciliation between black and white Australia to undertake to complete the Learning More Program this year.

You will have an opportunity to reflect on your experiences in a format that suits you eg: as a newsletter article, a review, a report, a speech, a film, a photo or a discussion with ANTAR members and our Murri and Torres Strait Islander friends.

We hope you will develop a greater sense of connection with Aboriginal and Torres Strait Islander culture and will have acquired some of the tools needed to help you in your journey towards true reconciliation.

This program is designed as an individual program and it will be even more effective if done with a group eg: a friendship group, a family, a workplace etc
